The Growler

1953

Published by the Journalism Classes
of MOSS POINT HIGH SCHOOL
Moss Point, Mississippi

Foreword ----

We, the staff of the first Growler to be published since 1948, feel honored that it should be our privilege to renew the tradition of a student annual.

We will have accomplished our purpose, if this book becomes increasingly meaningful as time goes by, and high school activities and associations begin to grow dim in your memory.

It is to help you with your remembering that we give you this Growler of 1953.

THE STAFF

Dedication ----

As the 1953 graduates are handed their diplomas, they will embark on the road of life ahead, wherever it may take them.

And proceeding side by side with them along that road will be progress. With that eagerness to advance which only youth can provide and with the wisdom which they can obtain only from older generations, that road will lengthen. Each problem faced, whether or not the answer will prove to be the true one, will be a stepping stone.

Today, as Seniors leave the world of high school and its joys, they will be met by the seriousness of being in an age of atomic power, and on their shoulders will be placed the consequence of that power.

This book is dedicated to seniors with the hope that the goals which they seek will be inspired by a higher power than that which a scientist could provide.

As Seniors move, so shall the progress of the world.

The Tiger Flash

THE TIGER FLASH, MOSS POINT, MISS. – JANUARY, 1953

STAFF

This is the first year since 1948 that Moss Point High School has published a student newspaper. This year, publication was resumed because we feel that it is a vital part of the school life. The student should be informed and activites kept stimulated. This is what we have tried to accomplish through the efforts of the journalism classes who sponsor the publication of The Tiger Flash.

We have enjoyed publishing the newspaper and hope you have received it as well. Although many untiring efforts have been combined to make the paper a success, our special thanks go to Miss Polly Coker, journalism teacher, and to Miss Jean Montgomery, without whom publication would have been impossible.
